

Tell Your Representatives in the House and Senate to make the Administration *STOP* the Indefinite Detention of Asylum-seeking Women and Children!!!

Members of Congress:

Crossing the U.S. border to ask for asylum is not a crime!

1. Mothers and children fleeing violence in Central America are being held against their will in family residential detention centers run by for-profit prison corporations.
2. Family detention is inhumane and dishonors our legacy as a nation of welcome for vulnerable people and those fleeing persecution.
3. There are more humane options than these prisons. Tell the Administration that you want to end this practice.

Go to www.otoc.org for much more information about the impact of detention. **Tell OTOC at endeddetentionofwomen@gmail.com** when you have contacted your members of Congress.

We are counting on you to do your part to end this practice!
